MAGIC BIKE SHOW CLASSES

RADICAL Class

The Radical Class is the premier class at the MAGIC BIKE SHOW. This class features one off custom bikes, with no strings or rules of design attached. There are no limitations or structure of the entries in this class. The Radical Class is a showcase for top-end customizers where the motorcycle builders are free to explore and push the boundaries of what makes a custom motorcycle.

HD MODIFIED Class

In the Modified Harley class the frame and motor must be original equipment from Harley-Davidson. This includes all Screamin' Eagle and special equipped bikes from the factory or any year or model. Any modification may be made to the frame, motor or sheet metal. The engine cases must remain original equipment, however any modification to the cylinders and heads may be made. Use of aftermarket or custom parts is acceptable.

OLD SCHOOL Class:

The Old School Class is for bikes that represent the retro and old school lifestyle. The Old School Class is focused on bikes built with retro styling and motors. Any frame or drivetrain may be used that keeps the Old School theme to the bike. Motors should be of vintage or retro style platform. Any fabrication is acceptable to the motor, frame, sheet metal or components. Use of aftermarket or custom parts is acceptable in the Original Old School Class.

TOURING & BAGGER Class: All “Bagger”-style motorcycles, Dresser & Touringbikes.

SPORTSTER ENGINE Class: All Sportster-engined motorcycles, no matter if stock or radical

NOTE ON JUDGEMENT:

The judgment is performed by a jury of 10 to 15 members: Custombike specialists, Manufacturers, journalists and members of the Harley-Davidson-Europe Ride-In Show jury board. Judged will be for general look, technical and artistic brilliance, plus detailing and craftsmanship of the bike. NOT TO BE JUDGED is the state of cleaning, especially if the bike is dirty from operation or riding. Judgement is done by an independent jury with no right to claim against the judgement of the Jury. Exhibition of the bikes is at your own risk. MAGIC BIKE RUEDESHEIM is not responsible for any damage on the bikes during show and awards ceremony. The Bike Show Team of MAGIC BIKE RUEDESHEIM may refuse entry to bikes that will not fit the exhibition because of style, details or theme.
